

Sound Recorder

Sound Recorder

Sound Recorder is a program which comes free with Microsoft Windows which most computers use. It can be used for recording sounds - from the microphone to pupil compositions.

To open sound recorder go to:

1. Start
2. Programs
3. Accessories
4. Entertainment
5. Sound recorder

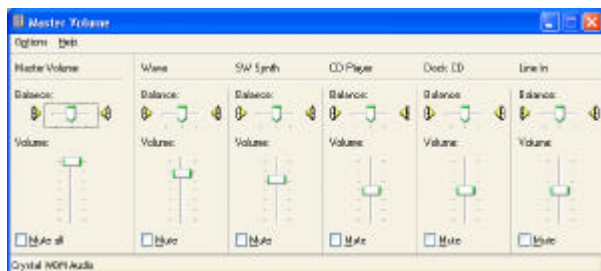

Make a short cut to the sound recorder:

1. Follow above instructions
2. Right hand click on the sound recorder icon
3. Go to copy
4. Click back on your desktop
5. Right hand click and paste
6. It should now have a shortcut to the sound recorder.

If the sound has not recorded:

You will need to make sure that the volume has been set to record

1. Double-click on the speaker icon in the bottom-right of your screen
2. Select Options
3. Properties
4. Click on recording
5. Scroll down and make sure that the wave out mix is ticked.
10. Click ok
11. Make sure that the Select button under the wave out mix box is ticked

It should now work!
